MEMORANDUM FOR:

[REDACTED]
NRO Controller

SUBJECT : Program B FY 1964 Second Quarter Fund Requirements

1. Transmitted are schedules reflecting the Program B FY 1964 Second Quarter Fund Requirements. The Summary Schedule reflects a comparison of the Director B FY 1964 Submission to the DNRO FY 1964 Tentatively Approved Program and a comparison of the 1st Quarter Funding to the 2nd Quarter Requirements. The supporting schedules reflect more detail concerning the 2nd Quarter fund requirements.

2. It is hoped that you can review these requirements and if necessary meet with appropriate members of my staff for further clarification not later than 20 September 1963 in order that the transfer of funds to CIA may be effected prior to 1 October 1963.

3. Any delay in the transfer of these funds will impose an undue burden on certain contractors already funded leanly and incrementally on an expenditure basis, and on my Contract and Finance Staffs in attempting to juggle obligations by bits and pieces to permit payment of current invoices pending receipt of additional funds.
